Arkadag Serdarly bagtyýar ýaşlar ýylynyň 1-nji sentýabry hem meniň durmuşymda şeýle täsirli günleriň biri boldy. Çünki şol gün görene behişdiň bir bölegimikä diýdirýän gözel Arkadag şäheriniň Ruhyýet köşgünde türkmen halkynyň Milli Lideri Gahryman Arkadagymyz bilen didarlaşmak, watançylyk sargytlaryny, baý durmuş tejribesinden gelip çykýan öwütlerini sanaýmaly ädim golaýlykdan diňlemek bagtyna miýesser boldum. # TURKMENISTAN AND UN:

## *the new initiatives in cooperation*

This year marks 31 years since Turkmenistan became a member of the United Nations. On March 2, 1992, the adoption of the decision of the UN General Assembly to admit Turkmenistan to this prestigious organization opened a glorious page in the annals of our new history. This historical event showed that the humanitarian principles of our people and the chosen foreign policy have wide support at the international level. The peace-loving policy of the Independent Motherland, which was built on the long-held dreams and hopes of our ancestors to build an independent state, opened the way for the world to penetrate deeply into modern scientific and technical developments and new horizons. This landmark date enabled Turkmenistan to participate equally in international affairs and was recognized by the United Nations as the first neutral state in the world.

From the day it was accepted as a member of the United Nations, Turkmenistan remains committed to the provisions of the Charter of the United Nations, the principles of the Universal Declaration of Human Rights, and the norms of its conventions. Joint projects with the specialized agencies of the UN to achieve national and international priorities and Sustainable Development Goals are being successfully implemented. In addition, our entire country continuously contributes to the strengthening of a culture of peace and trust, and to international efforts of a balanced and unifying nature. With the support of the UN, it shows special activity in the creation of organizational, political-economic, and international legal conditions for the sake of global well-being, ensuring environmental security, and strengthening global economic relations. In this regard, Turkmenistan is recognized as a reliable partner that faithfully complies with the international obligations arising from the UN Charter, actively participates in the implementation of its large-scale and long-term international programs, and makes a worthy contribution to strengthening global peace and sustainable development.

The rich experience gathered in long-term strategic cooperation between the UN and its agencies and Turkmenistan forms the basis of foreign policy work to be implemented in the country in the future. During the Revival of the new epoch of a stable state, relations with this organization, which are based on equality, mutual respect and long-term, are enriched with new content. The range of bilateral and multilateral friendly relations and multifaceted cooperation of Turkmenistan with neighboring and distant countries is expanding. The international consultative forums organized in the country make a valuable contribution to the adoption of positive solutions to the urgent problems of our time. The Resolution "2023 - International Year of Dialogue as a Guarantee of Peace" adopted by the UN General Assembly at the initiative of Turkmenistan calls for strengthening the culture of peace and trust among the peoples of the world. Recently, the establishment of UNESCO chairs at the Turkmen State University named after Magtymguly and the Turkmen State Pedagogical Institute named after Seyitnazar Seydi has added to the success of cooperation between the UN and Turkmenistan in the fields of science, education and culture.

By actively participating in prestigious international, regional and intergovernmental cooperation mechanisms, Turkmenistan makes a great contribution to the maintenance of a culture of peace and trust, and promotes the effective implementation of your balanced and harmonious international agenda. In this regard, the goal-oriented and long-term cooperation of Turkmenistan with the United Nations

# Cooperation between National academy of Turkmen diplomacy and The Diplomatic Academy of the UAE

By consistently implementing a foreign policy based on the principles of peace-loving, positive neutrality and mutually advantageous cooperation, Turkmenistan attaches great importance to the development of effective cooperation with all countries of the world, including the countries of the Middle East. In this regard, it is necessary to emphasize the traditionally friendly and fruitful nature of cooperation with the United Arab Emirates. This cooperation has been brought to a qualitatively new level and enriched in recent years.

Relations between Turkmenistan and the UAE are being dynamically developed bilaterally and multilaterally within the framework of prestigious regional and international organizations. This is facilitated by a high-level dialogue based on trust and mutual respect, specific to Turkmen-Emirati cooperation.

Diplomatic relations between Turkmenistan and the United Arab Emirates were established on October 10, 1995, and the UAE Embassy in Turkmenistan was opened on August 20, 2002. Over the past years, the high-level visits between the two countries and the agreements signed as a result of them in all areas have been a solid foundation for expanding bilateral cooperation. Active cooperation between Turkmenistan and the UAE in the political-diplomatic, trade-economic, cultural, scientific-educational spheres is one of the priorities of intergovernmental dialogue.

It is necessary to mention that relations in the field of education, which is an important area of Turkmen-Emirates cooperation, are developing effectively. A clear example of this is the signing of the Memorandum of Understanding between the Institute of International Relations of the Ministry of Foreign Affairs of Turkmenistan and the Anwar Gargash Diplomatic Academy of the United Arab Emirates during the official visit of the President of the Republic of Turkey to the United Arab Emirates in 2022. This was another important step in the direction of strengthening cooperation in the field of science and education between Turkmenistan and the United Arab Emirates.

As we know, the Diplomatic Academy named after Anwar Gargash (AGDA) prepares specialists who will make a great contribution to the development of the United Arab Emirates civil service and diplomacy to ensure global stability and strengthen international peace. However, the main goal of the Academy's work is to train civil servants who can thoroughly study and analyze important issues of international relations and develop the ability to use them in the diplomatic service.

In recent years, educational cooperation between Turkmenistan and the UAE has become more active. The visit of the representative group led by Nikolai Mladenov, the CEO of the Anwar Gargash Diplomatic Academy of the United Arab Emirates to the Institute of International Relations of the Ministry of Foreign Affairs of Turkmenistan and their presentation to the students and professors of the Turkmen National School of Diplomacy is a clear proof of this. These measures were one of the important steps in the practical implementation of the Agreement between the two countries.

During the visit, the representative group of the Diplomatic Academy named after Anwar Gargash of the UAE visited the training studio of the Institute of International Relations of the Ministry of Foreign Affairs of Turkmenistan, the editorial office of the electronic newspaper "Voice of the Young Diplomat", the White House, where the intelligence contest "Young Messengers of Peace" is held, the important place of Turkmen diplomacy. they toured the scientific-methodical centers for training and sustainable development goals.

Then Nikolai Mladenov, CEO of the Diplomatic Academy, gave a speech to the students of the Turkmen National School of Diplomacy. During his speech, experienced diplomat Nikolai Mladenov spoke extensively about the features of diplomatic work, his personal experience, Innovation Diplomacy, Air Diplomacy and the main areas of Turkmen-Emirates relations. As it is known, Nikolay Mladenov, who has worked in various important positions in the Bulgarian government and in various representations on Middle East issues in the UN system, is an experienced diplomat who has a thorough knowledge of the features of the Middle East, in particular, the diplomatic service of the UAE.

That is why the speech of the CEO of the Anwar Gargash Diplomatic Academy of the United Arab Emirates before the students and professors of the Turkmen National School of Diplomacy is very important. In terms of developing bilateral educational cooperation, the experience of the UAE in training diplomatic staff is also worth studying. The speech of the experienced diplomat aroused great interest among our students and professors. During the meeting, the fact that our students addressed the CEO Nikolay Mladenov with their questions is a clear reflection of the effectiveness of the speech of the honored guest.

*The 1st year student of the Faculty of International Relations.*

During the era of the new revival of Powerful state, our country under the wise leadership of our Hero Arkadag, our Arkadag Serdar, is progressing from development to development. Today reforms with a long-term perspective cover all aspects of the national economy. The sphere of science and education system plays a very comprehensive role in this field.

In this regard, the scientific and educational centers according to the world standards are built every year in the country testify to the ongoing reforms. For example, on 1st of September of this year, the opening of secondary vocational schools in the city of Arkadag, the establishing of the foundations of a complex of new buildings of higher educational institutions in the capital and provinces help our young generation to improve their education in various fields. In addition, Olympiads are held to show the talents of the young generation. One of such competitions is the intellectual competition called "Young Messengers of Peace" organized by the School of Young Diplomats under the auspices of the Institute of International Relations of the Ministry of Foreign Affairs of Turkmenistan. I also managed to successfully pass through the qualifying stages of the II season of this competition and reach the semi-finals. This competition gave me the opportunity to learn valuable information about the ancient history of the Turkmen people and the life paths of historical figures who left their mark on Turkmen diplomacy. In particular, the fact that the competition is held in accordance with the ancient traditions of Turkmen diplomacy is of great importance in educating our youth in the spirit of patriotism. I am also deeply interested in the humanities. I managed to win the 1st place in the history lesson in the 10th grade and in the 11th grade in the provincial round of the "Altyn asyryň altyn zehinleri" competition. I also managed to win a gold medal in English at the International FISO Olympiad held in the Republic of Poland in 2023. Of course, my history teachers Myrat Rejepov and Bike Ovezberdiyeva contributed a lot to my success.

On 1st of September, 2023, the Day of Education and Students was solemnly celebrated. The beginning of this new school year has become an unforgettable event in my life. I was lucky to be a student of the Institute of International Relations of the Ministry of Foreign Affairs of Turkmenistan. This increased my desire to study the history and methods of Turkmen diplomacy. I also want to assure you that in my time, I will grow up to be an inspiring person, necessary for our country, without neglecting my education.

I wish great success on their work, long life and health to our Hero Arkadag, Arkadag Serdar for making great opportunity for us to read and learn everything.

Yhlasym ýerine düşüp, «Parahatçylygyň ýaş çaparlary» atly akyl-paýhas bäsleşiginiň II möwsüminiň III oýnunyň ýeňijisi bolmak miýesser etdi. Bu ýeňiş ýöne bir ýeňiş däldi, ol meniň geljekki ykbalymy kesgitledi. Ýüregimde beslän diplomat bolmak arzuwyma golaýlamagyma goldaw berdi.

Pederlerimiz: «Ýigide müň dürli hünär hem azdyr» diýýär. Meniň saýlan ugrum ynsanperwer bilimleri bilen bagly bolsa-da, tebigy bilimler bilen hem düýpli gyzyklanýaryn. Men «Altyn asyryň altyn zehinleri» atly ders bäsleşiginiň döwlet tapgyrynda biologiýa dersi boýunça 10-njy hem-de 11-nji synplarda III orny, şeýle-de şol bäsleşikleriň çäginde geçirilýän taslama (ylmy döredijilik) bäsleşiginde biologiýa dersinden höweslendiriji orny eýelemegi başardym. Bulardan başgada, S.A.Nyýazow adyndaky Türkmen oba hojalyk uniwersiteti tarapyndan geçirilen biologiýa dersi boýunça bäsleşikde 10-njy synpda III orna, 11-nji synpda II orna, Seýitnazar Seýdi adyndaky Türkmen döwlet mugallymçylyk institutynyň guramagynda 11-nji synp okuwçylaryň arasynda geçirilen ekologiýa dersi boýunça bäsleşikde I orna, şol ders boýunça Türkmenistanyň Daşary işler ministrliginiň Halkara gatnaşyklary institutynyň guramagynda 10-11-nji synp okuwçylary arasynda geçirilen bäsleşikde I orna mynasyp boldum hem-de Türkmenistanyň Bilim ministrliginiň, Türkmenistanyň Magtymguly adyndaky Ýaşlar guramasynyň Merkezi Geňeşiniň, Türkmenistanyň Parahatçylyk Gaznasynyň müdiriýetiniň hem-de «Güneş» žurnalynyň redaksiýasynyň bilelikde guramagynda «Parahatçylyk: çagalaryň sesi» atly döredijilik bäsleşiginde Hormat haty bilen sylaglandym.

Türkmen halkynyň Milli Lideri Gahryman Arkadagymyzyň, Arkadagly Serdarymyzyň biz – geljekki halkaraçy hünärmenler üçin döredýän şertleri çäksizdir. Biz ýaşlara diňe döwlet derejesindäki däl, eýsem halkara derejesindäki bäsleşiklere-de gatnaşyp, ýaşyl tugumyzy al-asmanda parlatmaga giň mümkinçilikler döredilendir. Men hem şol mümkinçiliklerden peýdalanyp, 2022-nji ýylda geçirilen Halkara Mendel olimpiadasynda bürünç medala mynasyp boldum.

Meniň ders bäsleşiklerinde öňdäki orunlary eýelemegimde mekdebimizdäki halypa mugallym, birnäçe ýyllardan bäri okuwçylary biologiýadan ders bäsleşiklerine jan aýaman taýýarlaýan Döwlet Kulyýewiň, taslama bäsleşiklerinde üstünlikli çykyş etmegimde I derejeli biologiýa mugallymy Aýbölek Amandurdyýewanyň hyzmaty uludyr. Akyldarlaryň biri: «Günüň nurly şöhlesiniň düşýän ýerinde iň mukaddes kär – mugallymçylyk käri» diýip, örän jaýdar belleýär. Mugallym türkmenlerde 7 atanň birine deňelýär. Olar hem edil biziň ata-enelerimiz ýaly, durmuşda öz ýolumyzy tapmakda biziň üçin örän ýakyn ynsanlardyr. Bu şahsyýetler hemişe sylanylmaga, ýatlanylmaga, hormatlanylmaga mynasypdyr.

Diplomatiýa – jogapkärli, köp zähmeti talap edýän kär. Men hem geljekde okuwymy üstünlikli dowam edip, Gahryman Arkadagymyza, Arkadagly Serdarymyza, Watanymyza, il-günümize wepaly, ilhalar hünärmen bolup ýetişmegi arzuw edýärin.

Watanymyzy ynsanperwer syýasaty bilen röwşen geljege atarýan Gahryman Arkadagymyzyň, hormatly Prezidentimiziň janlary sag, ömürleri uzak bolsun!
