YAŞ DIPLOMATYŇ SESI

*Biz gazetemizin bu sayfasında Merkezi Asya ve Hazar denizi'ne kıyısı olan devletlerin, Türkiye Cumhuriyeti, Çin Halk Cumhuriyeti, ve Türkmenistan'ın yüksek eğitim okullarının öğrencilerinin arasında düzenlenen "Uluslararası ilişkiler: barış diyalog kültürüdür" isimli uluslararası yarışmasına Türkiye Cumhuriyeti'nden katılan Elif ile hazırlanan röportajı okuyucularımızla paylaşmaya karar verdik.*

— Merhaba. Turkmenistan'a hoş geldiniz! İlk öncelikle kendinizi tanıtabilir misiniz?

— Merhaba! Hoş buldum, Adım Elif, ben İstanbul üniversitesinden geldim. Sınıf öğretmenliği bölümünde okuyorum.

— Bölümünüz hakkında biraz bahsedebilir misiniz?

— Sınıf öğretmenliği bölümü ilkökullü öğrencilerine eğitim veren öğretmenleri hazırlamak için faaliyet gösteriyor. Bu bölümü ilkökullü öğretmenimden etkilendiğim için seçtim.

— Yarışma ile ilgili neler söylemek istersiniz?

— Uluslararası bir yarışmaya ilk kez katılıyorum. Bu nedenle çok heyecanlıyım. En başta yarışmayı kazanacağımı düşünmüyordum ama sorular gayet anlaşılır ve basitti. Benim için çok değerli bir deneyim oldu. Türkmenistan'a güzel yarışma için çok teşekkür ederim.

**Saeed Seyed Agha BANIHASHEMI,  
the faculty member of the School of International  
Relations of the Ministry of Foreign Affairs of Iran:**

— This is my first visit to Turkmenistan. When I saw our Turkmen brothers for the first time, I felt a special connection. In Turkmenistan, relevant work is being carried out at the state level to preserve the values related to the past history of the Turkmen people and pass them on to future generations. Witnessing the beauty of the Turkmen land left an unforgettable impression on us.

The holding of the international competition in Turkmenistan shows that in this country, youth policy is given great importance at the state level, and all opportunities are created for young people to gain experience in their chosen fields. Our Iranian people, like the Turkmen people, pay great attention to passing on the noble ways inherited from our ancestors to the younger generations and educating them in the national spirit.

My hospitable Turkmen friends created warm memories every minute of my trip. I take this opportunity to wish the young contestants the best of luck. I advise them to act purposefully, to work tirelessly, and to always live up to their profession. I will not be wrong if I say that we have seen the realization of the dream of the great Pyragy, the thinker and poet of the Turkmen people, in Turkmenistan. We will come again to Turkmenistan, the place where dreams come true.

— Здравствуйте, Азиз! Мы рады приветствовать вас на гостеприимной туркменской земле! Хотелось бы узнать о ваших первых впечатлениях от нашей столицы.

— Это мой первый визит в Туркменистан. Туркменские студенты тепло встретили нас по приезду. Во время Олимпиады мне и моим друзьям посчастливилось побывать в красивых уголках Ашхабада. Красивые здания и природа столицы, а также гармония огней в ночное время придают городу красоту. Однако большое впечатление на меня произвел современный облик Института международных отношений Министерства иностранных дел Туркменистана. Нас очень впечатлила структура, музей и учебная студия этого вуза.

С раннего возраста я с удовольствием участвую в онлайн-конкурсах. Хочу подчеркнуть, что олимпиады, проводимые на международном уровне, являются для нас уникальным опытом. Когда вернусь домой, я буду рассказывать своим друзьям о великолепии Ашхабада и гостеприимстве туркмен. Я никогда не забуду эти счастливые моменты.

В заключение, я хотел бы поблагодарить вашего уважаемого Президента за предоставленную возможность посетить вашу замечательную страну. От всего сердца желаю больших успехов вашей благополучной стране, которая с каждым днем процветает!

— Mazkur tanlov nafaqat yangi tanishlar orttirish, balki Turkmaniston poytaxtining diqqatga sazovor joylari bilan yaqindan tanishish uchun ham keng imkoniyatlar yaratdi. Ashxobodga tashrifimiz doirasida biz Maxtimquli Firog'iy haykalini tomosha qilish uchun borganimiz hayotimdagi unutilmas lahzalarning biri bo'ldi. Chunki Maxtimquli jahon adabiyotining mashhur shaxslarining biri hisoblanadi. Men internet manbalarida Turkmanistonda 2024-yil "Maxtimquli Firog'iy yili" deb e'lon qilinganligi haqida o'qigandim. Uning haykalini yaqindan ko'rish imkoniyatiga ega bo'lganim uchun juda xursand bo'ldim.

O'zbek xalqi ham ushbu turkman shoiri va mutafakkiri ijodiga katta xurmat qoyishadi. O'zbek milliy to'ylarida Maxtimquli she'rlari sozlaridan yaratilgan qo'shiqlarni ijro etish endi an'anaga aylangan. Men maktab kitoblarida uning ijodi va adabiyotdagi o'rnini haqida va ushbu tanlovda bo'lsa uning diplomatiyaga qo'shgan hissasi haqida o'rgandim. Bu haqida bizga berilgan test topshiriqlarida ham maxsus savollar bor edi. Tarixiy shaxslar va milliy qadriyatlarni chuqur e'zozlaydigan Turkmaniston va O'zbekiston o'rtasidagi dostlik va qardoshlik munosabatlari bundan buyon ham ravnaq topishini tilayman.

# FIRST IMPRESSIONS ARE GREAT!

Within the walls of the Institute of International Relations of the Ministry of Foreign Affairs of Turkmenistan, the opening ceremony of the international competition "International Relations: a Culture of Peaceful Dialogue" took place, which is being held these days in the turkmen capital. More than 40 masters and students from 11 prestigious higher educational institutions of 9 foreign countries, as well as students from 22 higher educational institutions of our country, take part in this international competition.

Igor Okunev, the supervisor of the Russian team, Candidate of Political Sciences, Assistant Professor of the Department of Comparative Political Science and Director of the Center for Spatial Analysis of International Relations at the Moscow State Institute of International Relations of the Ministry of Foreign Affairs of the Russian Federation, acted as one of the speakers who welcomed the participants of the competition. In his speech, he noted that, as a long-term partner from the Moscow State Institute of International Relations, he actively supports the initiatives of the Turkmen side, just as Russia in the political arena fully supports the peace-loving principles of Turkmenistan, voiced from the high tribune of the UN General Assembly. According to I. Okunev's opinion, diplomacy is the science of how to make friends, and it is always difficult to make friends, because for this you need to know foreign languages, be able to respect the culture and traditions of other nations. Friendship cannot be

learned by sitting in libraries, but it can be developed by communicating and actively interacting with each other. And in this context, the competition site provides participants with a unique opportunity to establish contacts and find new friends in the name of strengthening peace and mutual understanding. Expressing hope for

to Turkmenistan for participation in the international competition "International Relations: a Culture of Peaceful Dialogue." I'm so excited to become a winner of the individual form of the international competition! Ashgabat is an amazing white, clean city with beautiful authentic architecture, and we admire the commit-

the regular holding of this competition, the professor wished good luck to all its participants.

\*\*\*

— *What is your first impression of our country?*

**Mostafa Yousefi, Assistant Professor of International Relations Ferdowsi of University of Mashhad:**

— First of all, I would like to say that it is a great honor for us to be here in this beautiful country. The organization of the competition is on a really high level, it has been felt since our arrival in Turkmenistan. I appreciate you for inviting us

ment of the Turkmen people to the primordial national traditions. The people here are very friendly and helpful. I would like to express my gratitude to the Turkmen side for the warm welcome!

\*\*\*

— *What are your impressions after getting acquainted with our institute? Have you met with the traditions and peculiarities of the Turkmen culture before?*

**Aina Yetrek, the student of the Caspian University of Technology and Engineering named after Sh. Yessenov from the Republic of Kazakhstan:**

— I expected that there would be an

ordinary acquaintance with the university, but as it turned out, everything was thought out to the smallest detail. The university teachers greeted us warm heartedly. The first time I visited Turkmenistan was when I was a child, then I came with my parents, who are natives of this fraternal neighboring republic. I was six years old, but despite this, I still remember the hospitality and warmth with which the friendly Turkmen people greeted us. When I came to Turkmenistan again, more than ten years later, I was amazed at how much your country has changed. I was very impressed by the Turkmen women, their amazing outfits, and I was very pleased to learn that Turkmen women not only carefully preserve traditional elements of culture, but also improve them. All participants from other countries liked the national women's outfits. I was also struck by the fact that the beautiful marble vestments of your capital are surrounded by greenery. Ashgabat is a very comfortable and peaceful modern city. I am grateful that we were greeted so warmly. Speaking about the upcoming competition, firstly, I would like to wish all participants good luck, and secondly, I would like to thank all the organizers of the competition "International Relations: a Culture of peaceful dialogue". We have meticulously prepared in such areas as diplomacy and international economic relations and we want to show a good result.

23 мая 2024 года в Институте международных отношений МИД Туркменистана стартовал международный конкурс «Международные отношения: культура мирного диалога», организованный совместно с Министерством образования Туркменистана и Институтом международных отношений Министерства иностранных дел Туркменистана. Число зарегистрировавшихся достигло более 250 участников из высших учебных заведений государств Центральной Азии и прикаспийского региона, Турецкой Республики, Китайской Народной Республики и Туркменистана. В конкурсе участвуют около 40 магистров и студентов 11 престижных высших учебных заведений из 9 зарубежных стран, а также студенты 22 высших учебных заведений Туркменистана. Этот международный конкурс, привлекающий внимание научных экспертов стран мира, стал одним из знаменательных событий в политической и образовательной сфере Туркменистана. Этот конкурс впервые проводится в стране не только с целью исследования стратегических вопросов в международных отношениях, углубления знаний студентов в решении тактических задач, раскрытия их способностей в исследовательской деятельности, но и широкого освещения принципов всеобщего мира, установления тесных отношений с зарубежными коллегами, направлены на развитие международного молодежного сотрудничества. Мы

еще раз убедились в этом в интервью с конкурсантами. В ходе интервью наша уважаемая гостья Низомова Гули из Узбекистана поделилась с нами своими впечатлениями о Туркменистане.

— Здравствуйте Гули, мы рады

приветствовать вас на нашей Родине. Вы сказали, что впервые находитесь в солнечном Туркменистане. Расскажите, пожалуйста, что вас удивило и какие у вас первые впечатления?

— Когда мы ездим на такие большие соревнования, проводимые на международном уровне, нас прежде

всего интересуют условия, созданные в связи с нашим направлением. В этом плане обеспечение страны высокими технологиями показывает, что туркменская молодежь активно участвует в процессе демонстрации

имовыгодных возможностей и выработки новых инновационных идей.

Сегодня мы посетили Национальный музей туркменской дипломатии Института международных отношений Министерства иностранных дел Туркменистана. В музее представлены фотографии лиц, оставивших след в туркменской дипломатии, удостоенных звания «Türkmenistanyň ussat diplomaty», интересные учебники, а также уникальные исторические фотографии. Мы также ознакомились с учебной студией института, редакцией электронной газеты «Голос юного дипломата», обучением по важным направлениям туркменской дипломатии и Научно-методическим центром по Целям устойчивого развития. Прежде всего, это является свидетельством высокого уровня подготовки национальных специалистов, которые выступают лицом Туркменистана во внешней политике.

— Гули, благодарю вас за столь содержательную беседу! Желаем вам удачи и дальнейших успехов в учебе! Будем рады снова увидеть вас в нашей стране.

— Благодарю! Я верю, что в будущем не раз посетю прекрасный Туркменистан. Хорошие воспоминания о местном народе всегда будут вызывать у меня желание посетить эту миролюбивую страну. Пусть дружба и братство народов будут вечны!

**Мяхри ХОДЖАЕВА, студентка IV курса факультета международной журналистики.**

Дипломатия — это наука о том, как дружить, а дружить — это всегда сложно, потому что для этого нужно знать иностранные языки, уметь уважать культуру и традиции других народов. Дружбе нельзя научиться, сидя в библиотеках, но её можно выработать, общаясь и активно взаимодействуя друг с другом.

**Liu YING,**  
*Professor of China Foreign Affairs University:*

— Currently, Turkmen-Chinese relations are reaching great heights in various fields. This competition brought together not only students from Central Asia, the Caspian region states, Turkiye, but also from China. The People's Republic of China is represented by 3 students. We are in Turkmenistan for the first time. The main feature that impressed me in the Turkmen land was the beauty of the capital city Ashgabat. Indeed, this city becomes more beautiful at night. I was especially impressed by the excursion to the Nusay monument complex. I used to read that the Turkmen people are an ancient nation, that there are ancient monuments on this land, and now I was able to become an eyewitness of it.

We also visited the National Museum of

Turkmen Carpets. I was impressed by the giant carpets displayed there. The museum staff said that each carpet ornament has a special meaning and history to it. I was fascinated by the history of the ancient Pazyryk carpet preserved in the Altay mountains, which has not lost its shape over the years. Images of Turkmen national carpet patterns have been placed in various parts of the capital city of Ashgabat, in cultural parks, and even on the streets. The hospitality and friendship of the Turkmen people is worthy of praise. For this, I express my deep gratitude to the National Leader of the Turkmen people and the Esteemed President of Turkmenistan.
